190900 **59" All Wood Handle w/Steel Stud**
for Fine, All Purpose and Heavy Duty Sweeps

190700 **48" Wood Handle** for Upright Broom only

Hardwood Handle
Harvested from managed forests.

Steel Handle Reinforcer
Adds 15" of extreme durability to the handle at its most vulnerable break point.

Dowel Insert
Includes steel bolt to securely fasten the handle to the brush adapter. Allows the handle to flip from side to side for extended bristle life.

Full Rotation Connector Steel Swivel Adapter
Riveted through the block and adapter to ensure long life of block and handle.

100% Recycled Polypropylene Bristles
Manufactured under the strictest environmental considerations from waste poly materials.
